Case #1469

July 9<sup>th</sup> 2015

### **APPRAISAL OF S.V. "SCUDDER"**

**Flag:- British      Official Number:- 700272      Year:- 1982**

#### **To Whom It May Concern**

*The production sloop "Scudder" was surveyed afloat for valuation purposes on July 6<sup>th</sup> 2015, Location:- Netsel marina, Marmaris, Turkey.*

*The yacht was built by as a displacement fin keel sailing auxiliary suitable for private and charter purposes.*

*The vessel was found to be in excellent cosmetic and structural condition and well maintained.*

*All equipment was observed in good condition and fully operational. A comprehensive inventory was found on board. (see below) Standing rigging reported replaced in 2005.*

*The vessel must be considered in better than average condition for her age exceeding that of many newer production yachts.*

*Comparing other Sadler 32s on the market to-day, also other vessels of a similar size and type/quality of workmanship and equipment it is believed that a fair market value is in the region of:- **£32,000 to £37,000 Sterling excluding VAT or Similar Tax***

*The above mentioned figures are based solely on the experience of the undersigned marine surveyor who assumes no responsibility and is to be held harmless if the value presented can not be, or is not, obtained in the market place. This appraisal does not warrant (expressly or implicitly), or guarantee the condition of the above vessel. The use of this appraisal implies acceptance of the above mentioned conditions.*

*Submitted without prejudice*

*Richard O.J. Naylor  
Marine Surveyor*
